Dear [REDACTED]

25X1A

Many thanks for your letter of 21 June and the resume on [REDACTED]. I have proposed him to OSI as a consultant in their defensive missiles business, and they will sort out the security and other considerations.

I shall follow up on your suggestion to speak with [REDACTED]. It is a pity that he has not been involved more in these matters during the past year--perhaps I can interest him.

25X1A

Sincerely,

[REDACTED]
Albert D. Wheelon
Deputy Director
